SCENTED AIR FRESHENER

System which spreads a fragrance in the passenger compartment as required, by means of the adjustment thumb wheel and the various fragrance cartridges available.

It is located to the right of the central air vent.

You can stop or adjust the flow of scented air, via thumb wheel **1.**

The central air vents should be open.

Removing the cartridge

- ☞ Take the cap **2** from your new cartridge and place it in the small orifice of the cartridge you are removing.
- ☞ Remove the cartridge from the air freshener.

As a safety measure:

- ☞ use the scented air freshener and cartridges only for the purpose intended, as described in the user instructions,
- ☞ do not handle the cartridge while driving.

Kep the cartridge packaging together with the user instructions and precautions.

Fitting the new cartridge

- ☞ Take the cap **2** off the head of the cartridge.
- ☞ Insert the new cartridge in the air freshener.

The cartridges need replacing from time to time.

Do not dismantle the cartridges.

Do not touch the scent mesh.

Do not try to refill the scented air freshener or the cartridges. Only use original CITROËN cartridges.

Keep these items away from children and animals.

Avoid any contact with the skin and eyes.

In the event of ingestion, consult a doctor and show them the packaging or the label.
